COVER: Paul Newman (clockwise from lower right), Barbara Walters, Sander Vanocur, and Frank McGee are among the correspondents appearing on *From Here to the Seventies* Tuesday on NBC. Details on page 9.

Dear Answer Man

WILL you please send me any information you have regarding the rice diet Lorne Greene participated in at Duke university last March. I read the story about him losing weight on that diet in your TV magazine and am looking forward to trying it—Mrs. Clara E. G., Chicago.

We consulted our food editor about the rice diet, and were informed it is a "fad" diet and not recommended for everyone. If you want to obtain the complete diet, write to Duke university, Durham, N. C., but be sure to consult your doctor before you stock up on that instant rice!

***** *****
Would you please tell me if Donovan is married? If so, when was he married? Also my cousin said he has a 22 month old daughter. Is this true?—Karen A., Chicago.

Your cousin has the age right, but the sex is wrong. Donovan has a little son, Dono. Enid Stulberger is Donovan's girl friend, who is often with him and his son, but whether or not they are married is still a mystery.

***** *****
Did Elizabeth Montgomery ever have her baby? If so, when, and is it a boy or a girl? What's its name?—Robin R., Chicago.

Liz gave birth to her third child, Rebecca Elizabeth Asher in June. However, the big news is she will be conjuring up a second little sorcerer on her TV series—but as yet, neither Liz, the

DONOVAN

E. MONTGOMERY

PAT BOONE

studio, or the Association of Good Witches, have leaked the sex or name of Samantha's baby-to-be.

***** *****
A friend told me that Emily McLaughlin of General Hospital was the widow of Jeff Hunter. I thought she was the wife of Robert Lansing who was in the series 12 o'Clock High. Who is right?—Mrs. E. Schalk.

On February 4, 1969, Emily was killed by actor Jeffrey Hunter who suddenly died this May. She was formerly married to Robert Lansing with whom she has a son, age 12.

***** *****
What ever happened to Sal Mineo?—Ray L., Peru.

The former teen-age movie idol can be currently seen in the Cinerama movie, "Krakatoa, East of Java." In recent years, Sal's turned his talents to directing in the theater. His production of the controversial play, "Fortune in Men's Eyes," about

homosexuality in prisons, was a hit in Los Angeles. The play originated on off-broadway in New York, but the Mineo production will try to make the drama a New York hit a second time.

***** *****
There is an argument going on at my house. My mon says Pat Boone is 34-35, and has four girls. My dad says he has five girls and is 37-38

years old. Who is right, and what year did he become popular?—Kevin, Chicago.

Your mon wins this argument. Pat was 35 June 1, and is the father of four girls. His hit records made him a hit in 1955 and he went on to movies and television about two years later.

***** *****
What happened to that young, handsome actor John Derek, who used to be in movies? — Nancy H., Glenview.

Not so young, but still handsome, John is now a professional photographer and cinematographer. His latest effort is "The Childish Things," starring his latest and best asset, his wife, Linda Evans.

Want to REDUCE the size of your HIPS?

NO WEIGHT LOSS!

• Want smaller hips? Try Relax-A-cizor. It's the modern way to reduce the size of hips (tummies, thighs, and waistlines, too)!

• USE IT WHILE YOU REST! That's right. You rest for as little as 30 minutes a day and let Relax-A-cizor do the work. Relax-A-cizor provides a form of "effortless exercise" to the important supporting muscles of hips, waist, abdomen and thighs. And it's this muscle-toning exercise that reduces the size of the area.

• Many adult women lack good muscle tone because they don't get enough exercise. Relax-A-

cizor gives effortless, concentrated exercise to such figure areas as hips, waistlines, thighs and abdomens. Regular use causes these areas to reduce in size measurably to the extent these muscles lack tone because of insufficient exercise. And the less the muscle tone, the greater the degree of size reduction.

• NOW—find out how to reduce the size of hips, waist, abdomen, thighs at home... without any physical effort!
