GASOLINE CRISIS OVER!!

Gasoline shortages continue to worry drivers. Many are concerned that rationing will soon begin, with the possibility of prices soaring to seventy-five cents a gallon, or not being able to get more than ten gallons per week. Recently a gas saving device has been patented that really works! You can now get more mileage out of each tank of gas at any city or highway speed. It burns fuel more efficiently therefore complies with anti-pollution stan-

dards. It fits all American and Foreign cars, installs in five minutes without special tools and is completely guaranteed. You can order this gasoline mileage invention for \$19.95 including sales tax and postage. Send check or money order to Gasoline Mileage, 208 E. St. Charles Road, Lombard, Illinois, 60148. Technical data & brochure available free upon request, call 495-2000. Distributorships available.
