Marlin Perkins Roams the World in Search of the 'Wild Kingdom'

By Bill Irvin

FROM THE swamps of Florida and the mountains of Colorado, to the jungles of the Amazon and the bush country of East Africa—that's the beat of Marlin Perkins in search of adventure in the "wild kingdom."

A film crew accompanies Perkins on his travels to record the action for his NBC-TV color series, *Wild Kingdom*, Sundays at 4 p. m. [channel 5].

COVER STORY HIS MOST recent odyssey took him from the Ngongoro Crater high in East Africa, where he participated in the capture of wildebeeste for conservation tagging purposes, to the Kalahari desert in South Africa, where he lived among the primitive Bushmen.

Perkins first won TV fame with his *Zoo Parade* program, which he conducted from 1949 to 1957 while he was director of the Lincoln Park zoo in Chicago.

WHEN PERKINS became director of the St. Louis zoo two years ago, he launched his *Wild Kingdom* series, with co-star Jim Fowler and Producer Don Meier, who was also produced-director of *Zoo Parade* from its TV inception.

Meier commutes between his production offices in Chicago to a TV studio in St. Louis, where close-up animal shots are filmed under controlled conditions.

These laboratory sequences are integrated into film shot in the native habitat of the animal or species being investigated.

PERKINS started his zoo career in St. Louis in 1926 as an \$18 a week laborer, rising to become curator of reptiles before leaving in 1938 to become curator of the Buffalo, N. Y., zoo. He came to Chicago's Lincoln Park in 1944.

He is the author of several books, including *Zoo Parade*, and along with his wife, Carol, provided the photographs for "Mogul Finds a Friend," the true story of a little elephant in Lincoln Park zoo.

Thru the years Perkins has taught thousands of youngsters how to feed and handle animals without frightening or hurting them. Mrs. Perkins shares her husband's love of members of the wild kingdom.

ON A RECENT TRIP to New York, Perkins and his wife had a minimum of luggage, traveling instead with a puppy box containing a 2-months-old pet named Charles, two alligators, a toucan named "Growler," and a black-and-white condor with a 9½-foot wing spread.

Despite their love of wild and exotic animals, the Perkins' have only three kittens as house pets.

'I've Got the Best Band in the Land'

By Skitch Henderson

I'VE GOT the best band in the land. Maybe I'm partial, but the orchestra that plays for NBC-TV's Tonight Show starring Johnny Carson consists of the finest musicians in the country. I have conducted symphonies and operas all over the world and I'll go on record as saying that each one of the Tonight Show band regulars could, if he wanted to, sit in and hold his own in any concert hall or opera house.

However, the guys love what they're doing now. Aside from their expert musicianship, their enthusiasm and spontaneity five nights a week, every week, is the secret of our success. Sure, it's work, but it's also play.

We have very serious rehearsals in which we have to work out brand new numbers for each evening's guests. This can run from jazz to novelty to grand opera. Rehearsal discipline is strict. There's no alternative as we rarely have time to go thru an orchestration more than once.

SHOW TIME is something else. Anything goes, and usually does, once announcer Ed McMahon says: "And now, here's

Doc Severinsen (left), Skitch Henderson, Johnny Carson

Johnny!" The music is constantly reshuffled while we're on the air, to go along with the mad ad-lib pace of show. At least 30 per cent of the music we play is totally unrehearsed and equally unexpected.

How do we do it? The credit goes to the guys in the band. And what guys! Most of the regulars have been with me steadily for a dozen years and we played for the Tonight Show when Steve Allen—a musical guy himself—was host.

Our line-up includes "Doc" Severinsen [trumpet] who used to play side by side with our other featured trumpet soloist, Clark Terry when they were with the Charlie Barnett band; Bob Haggart, the fabulous "Big Noise from Winnetka" bassist with the old Bob Crosby "Bobcats"; Hymie Shertzer, the saxophonist who was a mainstay of the Benny Goodman band; trombonist Will Bradley who led his own great swing band in the forties; Al Klink, whose sax sparked the original Glenn Miller orchestra; Harold Feldman, perhaps the country's No. 1 oboe player; Bobby Rosengarten, whose drum magic and versatility is unmatched.

DO I LIKE the music we play on the Tonight Show? More and more. Popular music is getting better, and so are the performing guests. The groaners and screamers are on the way out.

DEAR ANSWER MAN

WHAT A delight it was to see Judy Garland and Mickey Rooney together again after so many years. I think this show was the best so far for Judy. If she had more guests like Mickey she wouldn't have to worry about the ratings. I am a Judy Garland fan from way back, and I hope her shows get better. With a few exceptions, they have been very disappointing. —Mrs. Evelyn R., Chicago.

Miss Garland has had a great deal of trouble with her show, not only in the ratings department. The staff of her show has been changed many times since it first went on the air and each new producer has juggled the program's format trying to find the right groove in which Miss Garland would be showcased to her best advantage. Low ratings or not, CBS seems to be going along with Judy, at least for the remainder of this season.

Is Mary Martin going to appear on TV in the near future? I have always liked Miss Martin and look forward to the TV revival of her *Peter Pan* — Mrs. Kathryn A., Wheeling, Ill.

Miss Martin has no immediate TV plans. She is currently starring in the Broadway

musical "*Jennie*." *Peter Pan* has become a TV classic and will probably show up again before too long.

*** ***
One of my favorite shows was *Leave It to Beaver* and I really miss not seeing it any more. What are the two boys, Jerry Mathers and Tony Dow, doing now that the show is no longer being filmed? —Mrs. Dorothy K., Decatur, Ill.

Jerry Mathers [*Beaver*] is taking some time off from acting. He is deciding whether to continue in the acting game or go into some other field. Tony Dow [*Wally*] is free lancing and appears occasionally on some of the

leading TV drama series. *Leave It to Beaver* is currently running in many areas via syndication.

*** ***
Was Burt Reynolds, who plays Quint Asper on *Gunsmoke*, ever an athlete? He is sure built like one.

—Debbie W., Chicago

Burt was an All-Southern Conference halfback at Florida State college.

In a recent *Wagon Train* episode, Rhonda Fleming guest starred as a musical performer. There was a young actress who played her daughter in this show. She looked very familiar, but I couldn't place where I had

seen her before. Can you help me? — Mrs. Margaret L., Aurora, Ill.

Cynthia Pepper was Miss Fleming's daughter in the *Wagon Train* episode. Miss Pepper was the star of *Margie*, the short-lived TV series of a couple of seasons back.

*** ***
Has Betsy Palmer made any movies besides "*Queen Bee*" with Joan Crawford? I think Miss Palmer is one of the loveliest ladies on TV and always enjoy seeing her on the panel shows. I recently saw "*Queen Bee*" on TV and was surprised at her acting ability. She was very good — Mrs. Ann M., Chicago.

Miss Palmer's most recent film appearance was as David Wayne's wife in the Paul Muni film, "*The Last Angry Man*," which is also shown on TV.

HENNY Youngman says he once had a girl who'll never live to be as old as she looked.

Red Skelton: "This doctor saved my life. I called him and he didn't come."

Skelton again: "When I was in the hospital the nurse gave me a bath and I fell out of the pan."

Milt Kamen: "They have a new product at super markets for bachelors. It's called 'Frozen Garbage.' You don't even have to defrost it. You just throw it out."

From Mister Ed:

Carol Post [Connie Hines]: "You certainly have a beautiful home."

Winnie Kirkwood [Florence Mac-

RED SKELTON

Michael]: "After living in a trailer for 8 years this is heaven. It's so nice to live in a house that never gets arrested for speeding."

Orson Bean: "My uncle Irving was in show business. He was half man,

half woman in the circus. Every Friday he took himself dancing."

Bob Hope: "Our wheat deal with Russia nearly fell thru. Khrushchev agreed to the \$375,000,000 but tried to back out when he found we didn't give green stamps."

Johnny Carson: "When my ancestor, Myles Carson, got off the *Mayflower*, he said, 'Well, here we are.' With that one Indian turned to another and said, 'There goes another neighborhood.'"

Danny Thomas, recalling that he got started in TV the hard way: "I got Asiatic flu from *Foreign Intrigue*, and all I got out of *Naked City* was pneumonia."

**Beautiful Library Volumes
Perfect for Learning, Brush-Up,
Permanent Reference**

Whether you want to learn for the first time, review subjects you forgot or use for ever-ready reference, you could find no better set or price. These handsome 7 1/4 x 10 1/2 inch, 24-carat gold imprinted, matched library volumes are not di-

gests or outlines. Every point is made absolutely clear by illustrations and simple step-by-step explanations, using everyday situations. No half-answers to confuse you, no cross-references to make you use several books to get information. All the books teach you naturally, without memorizing long lists of rules.

Complete Explanations, Simple Illustrations Make Every Point Clear—No Previous Knowledge of the Subject Required

Here's how complicated subjects are **MADE SIMPLE**. In **PHYSICS** **MADE SIMPLE**, you are shown this simple home experiment, which costs nothing. Hold one edge of a letter paper against your chin, just below lower lip, with the paper hanging over and down. Blow above the paper and it will rise as if pulled up in the air stream. This

simple principle makes airplanes fly and teaches us to make moving objects move quickly and easily. Other books give you Bernoulli's Law, molecular action and other confusing terms. By the time you got to the experiment, if there was one, you wouldn't understand it. Here you read a simple explanation, do the experiment and then learn the technical terms, so you learn naturally, by doing, without memorizing anything. This has worked for many people who thought they were more hopeless than you may think you are.

You would pay many times the price for much less beautiful and useful encyclopedias. But these books, with sample military and civil service tests, hundreds of illustrations, hundreds of safe, easy home experiments, thousands of pages of clear, concise, valuable instruction and self-tests with answers in the back, will be **USED, ENJOYED** and **ADMIRED** by all your family and friends.
